

Dark Matter, Dark Energy and the Accelerating Universe

**A Popular Science Presentation
by Dr. Bharat Ratra
Kansas State University Cosmologist**

**Saturday, March 2nd 4 p.m.
University of Nebraska State Museum Auditorium**

**Admission: free to UNL students
Public – regular UNSM admission**

**Why is the Universe expanding?
And how do we know it is?**

What is Dark Matter and what is Dark Energy?

**Dr. Ratra has presented public talks on this topic at “Science Cafes” across the
Plains**

**Mueller Planetarium is currently showing “Dark” an introduction
to Dark Matter – Saturdays and Sundays at 2 & 3 p.m.
This entertaining and enlightening presentation is presented in connection with
that program
(regular Planetarium admission charged for “Dark”)**

**Sponsored by:
the Prairie Astronomy Club of Lincoln
Mueller Planetarium and University of Nebraska State Museum**
